Please consult the premium at [www.scpha.net](http://www.scpha.net) and note that SEL classes are listed as running within another class (listed as concurrently). Classes marked as (pattern) on the SEL class list sheet are ridden in specific patterns and you'll find those patterns in the 2011 pattern book available on the web-site listed above. The pattern book order form is at the top of the home web-page. Riders may compete in all classes within the division, but may only compete in one division and may not move up or down in division in the current show year unless otherwise noted in the SEL rules and regulations.
